Re: NISS Board of Directors Appoints Jeff Patterson as Interim CEO

The board of directors would like to announce Jeff Patterson as the Interim CEO of NISS. Jeff will replace Theresa Szwasz, who leaves after nearly thirty years of service. Jeff has previously served as the Director of Membership & Senior Statistical Analyst and began his career with NISS in 2004. Under Jeff's leadership, we look forward to continuing to provide excellent service to our member companies as we offer a simplified approach to statistical reporting. Please reach out to Jeff Patterson should you need any assistance during this transition.
